Activity	<p><u>START SOTF Team 6 Activity:</u></p> <p>SOTF#6 Hugh Murrell (START), Tetra Tech Team Lead Dave Richardson , and Amber McDougle, from AECOM and our team went to mile post 25.41 for ring test training. It took a while to mobilize out there. We all listened to Dave Richardson train the teams on how to do a ring tests. It was fairly involved. We will do a sediment test first before filling the ring with water, fill the ring with water, wait ten minutes and note sheen, water temp, globules, etc in a similar manner to the regular polling method.</p> <p>Tomorrow our team SOTF6 (Tetra Tech team F) will be back doing the normal temperature verification polling point.</p>			
Health and Safety Issues	None
